FRED C. MEIER.

Commissioner of Supplies.

IMPROVED POSTAL SERVICE. Postmaster Baumhoff's Mission to

Washington Successful. Postmaster Baumhoff, who returned from Washington yesterday, after a ten days' visit to the capital in the interest of the

washington yesternay, arter a ten days visit to the capital in the interest of the St. Louis post office, is well satisfied with what he obtained. He succeeded in obtaining material improvements for the coming year. Among these the most noted is the addition of twenty-five new carriers and thirty distributers to the present force of the office.

His request for promotions was received favorably, and several grades of the force will obtain silvance in pay. In future St. Louis is to be a distributing office for the West and Southwest for stamped envelopes, postal cards and newspaper wrappers, this means one carload of these supplies, valued at \$75,000 a car, will be sent to St. Louis every month.

The promotions will tend to raise the standard of the office. The project to pay and collect money orders by letter carriers was indorsed by the superintendent of the money order system, and will be in operation shortly. The chances for getting pneumatic tubes are exceedingly bright for St. Louis, if Congress acts favorably upon the measure. Indications now are that the bill providing for them will be passed. Denison Case Argued.

REPUBLY SPECIAL.

Washington, Feb. 4.—An extended hearing was held to-day at the Interior Department in the case of the Denison and Northern Railway Company, a Texas road, against the Oklahoma and Gulf. The controversy is over a line from Hartshorn to Colegate in Indian Territory, the Oklahoma road claiming prior rights. This is contested by the Denison and Northern Company. The hearing to-day w22 held before Assistant Attorney General Vandeventer, and the legal points involved were fully discussed. A decision by Secretary Hitchcock will be announced at an early date.

THE CENTRAL PACIFIC LEASE.

Question as to the Conditions Under Which It Could Be Assumed-Meetings- General Notes.

New York, Feb. 4.- The Evening Post today has the following:

"The suggestion was made to-day that further study of the Southern Pacific situation by the interests controlling the Union Pacific might develop a plan by which the Union Pacific would be able to assure absolute and permanent control of the Central Pacific, without assuming any liability for Pacific interests freely admitted that the fundamental interests of the company in the Southern Pacific are in its control of the natural and only possible outlet for the Union Pacific and the Union Pacific and the Union Pacific and the Union Pacific was con-ceived as one route and their their was con-

trai Pacific and the Union Pacific was con-ceived as one route, and their division into separate companies was unnatural and harmful, to the best interests of the com-panies themselves and interfered with the transportation facilities of the public.

The two companies have often worked in opposition in money matters, as regards train service, rates and distribution and movement of tonnage. The Southern Pa-cific's other lines are naturally allied with the interests of California and the South-west, and form a transportation system complete and valuable in itself, even with-out the direct ownership of the Central Pa-cific.

ciffe.

It is believed that the plans of the syndicate, now holding the Southern Pacific for the Union Pacific, for financing the property, will not be definitely formed until the Central Pacific lease has been carefully gone over, to see if that property can be segregated from the other lines under feasible conditions. The adoption of the plan of issuing collateral trust notes, as in other recent merges, it is not regarded as likely to be accepted until other plans have been thoroughly canvassed. The syndicate managers have declared that control of the Southern Pacific will not be held in any way which will create a burden on the Union Pacific.

The terms under which Central Pacific is held by Southern Pacific therefore becomes a point of special interest. They would seem to be most definitely fixed by the terms of the Southern Pacific is per cent collateral trust bonds issued in 189. These are secured by a deposit of all the outstanding shares of the Central Pacific which are owned by the Southern Pacific. The section of this mortgage bearing on this point says: "The existing lease of the properties of the Central Pacific Railway to the Southern Pacific Company shall terminate in case the pledged stocks shall be sold in consequence of default hereunder. The Southern Pacific Company will not assent to any other lease of such properties unless such lease shall have been approved by the holders of a majority in amount of the bonds outstanding hereunder, or shall contain a provision terminating the same in case such piedged stocks shall be sold."

This would mean to afford ample authority and feasible means for the Union Pacific assuming the Central Pacific lease, if it should be decided to turn that property directly over to the Union Pacific.

WANT THE DENVER ROUTE.

WANT THE DENVER ROUTE.

Another Rumor in Connection With REPUBLIC SPECIAL.
Fort Worth, Tex., Feb. 4.—President Frank Trumbull of the Colorado Southern and Golf, who has been in this city and Dailas for two days past, returned home this meraing. It is understood his visit had some connection with the tendered resignation of J. V. Goode, for Trumbull is president of the Fort Worth and Denver City Railway Company. The tour was one of inspection also, and this has an especial point, from the fact that the Denver officials here say that both the Union Pacific inchance. cals here say that both the Union Pacific and the Santa Fe are trying to buy the Denver, the Union Pacific owning the Northern, or Colorado Southern, end now.

From here the Huntington and Union Pacific interests. let from the Northwest to tidewater at Houston, over the Denver. If the Santa Fe gets the Denver under existing traffic ar-rangements, or with slight new construc-tion, it would have a line from the North-west to Houston and Galveston, the lines meeting here.

west to Houston and Galveston, the lines meeting here.

If the Union Pacific gets the Denver it adds 1359 miles to its system. The Denver from Texiline to Fort Worth is 452 miles. The Santa Fe some time ago acquired the Kansas Southern, which terminates on the south at Washburn, on the Denver, and more recently the Pecos Valley, with its northeastern terminus at Amarillo, the Santa Fe having right to run trains over the sixteen miles of the Denver, between Amarillo and Washburn. The Denver is in excellent physical condition, and lately much of the track has been relaid with seventy-five-pound steel.

Passes Resolutions Favoring the New

Maximum Rate Bill.

REPUBLIC SPECIAL.

Dallas, Tex., Feb. 4.—The Dallas Commercial Club to-day sent to the State Legislature a long memorial in favor of the passage of the Henerson-Shaw maximum rate bill. Among the reasons why the bill should be passed the following are mentioned:

Because it takes from the commission none of its powers under the law to make or reduce freight rates, except that railroads in Texas may make lower rates than the rates made by the commission, whenever said railroad or railroads desire, thus restoring to the people of Texas the benefits of competition between railroads.

Because it does not interfere with the present laws, regulations and penalties against rebates and discrimination or their enforcement by the commission, but does provide amply and clearly against rebates and discrimination.

SHIPPING PLATE GLASS.

Missouri Railroad Commission Asked to Make a Ruling. The appeal of the Hadley-Dean Glass Company for a different classification on plate glass was heard by the Board of Rail plate glass was heard by the Board of Railway and Warehouse Commissioners yesterday at its office in the Rialto building. The glass company compiains that the railroads force them to charter flat cars for plate glass over seven and a haif feet square, because the regular freight cars are not large enough. This, they claim, takes all the profit on the glass, and they want a ruling from the board that will render the company liable for carrying plate blass in cars built for that purpose. The complaint is made against all the roads. Commissioners Joe P. Rice of Moherly and W. E. McCully of Macon will give an opinion to-day.

MUNYON'S INHALER CURES CATARRH Colds, Coughs, Broachitis Asthus and all Diseases of

Miss., known as the Mobile, Jackson and Kansas City. The intention of the builders was to run the road through to Jackson, Miss., but it was not completed. By the expenditure of a comparatively small sum the Hilmols Central could complete the road to Jackson, and the connection would give the Hilmols Central another port on the guif. President Merrill of the Mobile, Jackson and Kansas City is in England, and General Manager Lane is not in a position to offirm or deny the report.

FORFEITURE OF CHARTER. Probable Penalty of Mobile and Ohio's

Absorption.

Jackson, Miss., Feb. 4.—The Mississippi Railroad Commission has called the attention of the Attorney General to the recent consolidation of the Mobile and Ohio with the Southern Railway, and setting forth that such consolidation is violative of the clause of the Constitution prohibiting the amaigamation of competing lines.

The penalty is forfeiture of right to de business in the State.

Port Smith and Western.

REPUBLIC SPECIAL.

Fort Smith, Ark., Feb. 4.—President George Hayden of the proposed Fort Smith and Western Railroad, with a party composed of Silvyan W. Taylor, Pittsburg, Pa. Park Foster, Elyria, O.; A. C. Dustin, Cleveland, O.; S. Caspanis, Columbus, O. W. H. Canniff, Cleveland, O.; George S. Davison, Pittsburg, Pa.; W. R. Woodford, Cleveland, O., met here to-day.

Mr. Hayden, in speaking of his project, said:

"Our propositions and contracts are in the hands of your committee, and from what I can learn, the road is an assured, enterprise. I have nothing to add to what I have proposed to your people, and maters, as I can judge from the report of your committee, are moving very encouragingly, Conditions are growing more favorable every day."

Wabash earnings for the last ten days of January were \$50,020.85, an incrase of \$57,-188.92 over the corresponding period of last year. For the fiscal year, from July 1, the earnings were \$10,622,500.55, an incrase of \$628,821.57.

The earnings for the month of January were \$1.518,682.20, the largest of record for that month. The increase over January of last year was \$204,102.09.
